Managed Intervention Centres

The Managed Intervention Centres (MICs) work in partnership with schools and in collaboration with external agencies to offer early behaviour intervention and support to enable students to be successful in mainstream education.

Schools are expected to provide behaviour reports for the six-week period prior to referrals and additionally send the electronic CTF file so we can upload this onto our SIMS.

Managed Intervention Placements (up to 5 weeks)

MICs offer a managed intervention programme with placements of up to five weeks. These placements support learners whose behaviour in school continues to cause concern after having exhausted the school's internal interventions. The intervention aims to support learners in addressing negative patterns of behaviour in order to return to their mainstream schools. This includes our bespoke RSHE programme aimed at addressing and removing barriers to learning to improve students' chances of success upon their return.

Managed Intervention Centres aim not to accept Year 11 students after Easter in Terms 5 & 6.

Any learners with an EHCP should be discussed in advance and appropriate levels of support agreed.

Students can only be referred once to an MIC for an intervention placement.

School Support Placements

In order to support periods of transition (for example managed moves between mainstream schools), MICs can offer short term placements of up to five weeks for mainstream students.

The MICs work across the Bi-borough, so it can be possible to separate students from the same mainstream school and/ or incident, subject to the availability of places at each centre. Each of these referrals will be considered on a case-by-case basis.

6 Day Plus exclusions

MICs provides full-time educational support to learners from the 6th day of a fixed term exclusion or from day 1 for a looked after child (LAC). Please note: the referral must include the exclusion letter with the dates of the exclusion.

All referrals: pupils referred in the summer should end their placement on the penultimate day of the summer term in order to return to school for the last two days of term. We do not take rolling placements over the summer. This is in line with the trauma informed approach so pupils can have a fresh start at the beginning of the school year and do not carry the placement and referral with them over the summer.

Please see the referral process that all schools follow during an intervention placement.
