### Primary Outreach

The aim of the OAT Outreach team is to support schools with early intervention in order to achieve the best outcomes for pupils and to facilitate inclusion in their mainstream setting through capacity building.

#### Introduction

The Primary Outreach Team is well established and highly regarded. It is made up of well-qualified, experienced teachers and highly skilled learning support professionals. The team offers support for schools in behaviour for learning and aspects of social, emotional and mental health. They aim to work in partnership with pupils, teachers, school support staff, whole staff teams, parents/carers, and other professionals to improve outcomes for pupils.

The team uses the *Behaviour for Learning* conceptual framework and an integrated approach to help teachers and school staff to increase their understanding of the behaviour, clarify their concerns and plan for change. Their work is informed by developmental trauma, nurture, and attachment aware approaches.
