

SEN Information Report

– 2026/27

The Special Educational Needs and Disability Regulations 2014 require the academy to publish certain information regarding our provision for pupils with SEN. We hope parents of current and prospective pupils find the following information helpful and we encourage all interested parties to contact the academy for more information.

School context

Ormiston Latimer Academy is located in the Royal Borough of Kensington and Chelsea (RBKC) and includes three different provisions, split over two sites.

The main site comprises of an Alternative provision (AP) with capacity for 55 pupils across key stages 3 and 4, and Freston junction which a special resourced provision for 12 pupils who have an Education, Health or Care Plan (EHCP) with a primary diagnosis of Social, Emotional and Mental Health (SEMH) needs.

The pupils who attend the AP have either joined as a 'Managed move' from a mainstream secondary school because they were 'at risk' of permanent exclusion or have been permanently excluded from a secondary school and reside in RBKC.

We also have a Managed Intervention Centre (MIC) known at the Kensington and Chelsea Education Centre (KCEC) located at the Rugby Portabello Trust (RPT), which provides 5-week targeted support programmes for pupils who are having difficulties engaging in mainstream education.

On average between 80 and 90% of pupils are K coded for SEMH across the two provisions, whilst we have a significant number of pupils who have diagnosed/undiagnosed conditions such as ASD, ADHD or other additional needs.

In July 2024, Latimer Academy opened a new Specialist Resource Provision (SRP) known as Freston Junction on the ground floor of the building, which caters for 12 pupils who have a primary diagnosis of ASD/ EBSA on their EHCP.

Across the whole academy, we strive to support any additional needs a pupil may have in any area of the following areas of SEND: Communication and Interaction, Cognition and Learning, Sensory and or Physical needs, and Social, Emotional and Mental Health and believe that Inclusion is integral to what we do, every day.

Key information	
The name of our SEN Co-ordinator (SENCo) is Alex Miller (amiller@olamail.co.uk)	
Other key contacts	
Name: Grant Monaghan Role: Principal Email: gmonaghan@olamail.co.uk	Name: Nasrin Islam Role: Vice Principal Email: nislam@olamail.co.uk
Name: Wendy Fagan Role: Pastoral Lead DDSL Email: wfagan@olamail.co.uk	Name: Sanaa Lazizi Role: Lead SEND teacher (Freston Junction) Email: slazizi@olamail.co.uk
In addition, we use the services of the following specialists:	
• RBKC SEND Team Family Information Hub SEND Local Offer • RBKC Education Psychology Services • RBKC Speech and Language Therapy Services • Detached Outreach Team • Targeted Prevention Team • EHFH Mind • CAMHS • MASH • Virtual Schools • MHST Therapist • Grenfell Education Hub • AllKind • Autism Advisory Team • SENDIASS	

Our approach to identifying and assessing pupils with SEN.

On entry, we liaise with previous education providers to ensure we have as much information as possible. On induction to our school all pupils undergo rigorous baseline testing, including reading and spelling. Reading is high priority, with the many of pupils arriving with gaps in reading strategies and phonics. Reading is tested three times during an academic year via NGRT assessments and progress is monitored carefully.

- Cognitive Ability Testing provides further baseline and gives predicted grade benchmarks. This helps us to set targets and progression pathways for all learners individually as well as give clear indications of individual learning styles whether kinaesthetic, visual or audio.
- Surveys measuring Pupil Attitudes to School and Self are also used to establish baselines in learners' temperament, attitude and engagement.
- NGRT test and CATs for all arrivals to assist in the identifying of those who require literacy and numeracy interventions).
- YARC reader tests which are supported by Lexonic Reading recovery programs.
- Dyslexia screening and support
- Dyscalculia screener and support
- NGRT test for screening access arrangements up to and including Year 11.
- Testing required or requested by outside agencies is carried out.
- Referral from parent based on observations at home.
- Termly Data Drop- if a student is not making the expected progress of them based on their baseline data scores.
- Staff referral through our in house SEND referral system. The teaching and pastoral team meet regularly and identify pupils who will benefit from extra academic or therapeutic support.

If you are concerned that your child has specific needs, further assessments can be done, using specialists if required. If a teacher or parent/carer thinks there is a further need which has not been identified, they can speak to the SENCO who will gather further information and act accordingly.

How we evaluate the effectiveness of our SEN provision.

Staff contact home on a weekly basis to pass on information. The targets and outcomes of pupil progress are shared with parents/carers via structured conversation meetings 3 times a year and these are separate from progress reviews of parents evening. Parents/carers are invited to discuss their child's progress, along with any integration plans or problems which need to be addressed, at these meetings. In Freston Junction, contact is more frequent, with weekly contact made via positive phone calls and written weekly reports. This is to ensure a collaborative approach is taken to supporting students with SEND.

Parents/carers are also welcome to discuss issues informally by appointment or telephone with individual teachers or the form tutor.

- Student data is gathered and monitored termly, and this is used to identify concerns around progress so that interventions can be implemented if deemed necessary. Reports are sent home annually.
- Work scrutiny and book-looks are used to analyse and compare progress and identify pupils requiring further intervention.
- We use classroom observations both by the SENCO and the inclusion team.

Data recorded on behaviour in SIMS is also utilised to ensure triangulation of data when reviewing learners progress.

Our arrangements for assessing and reviewing the progress of pupils with SEN

The SENCO, Senior Leadership Team (SLT), Heads of Department and teachers are responsible for ensuring pupil's make sustained progress over time. Methods for tracking pupil progress consist of, but are not limited to:

- Termly data drops
- Subject review meetings

For pupils with an EHCP, the SENCO will arrange an annual review to discuss each pupil's progress against the intended outcomes as set out in Section F of the EHCP, whilst also looking at current and predicted grades for pupils in KS4.

The academy will also refer to outside agencies, such as the Educational Psychology service or Speech, Language, Communication Needs professionals where appropriate and in consultation with parents.

Inclusion panels and annual reviews are used to ensure ILPs and passports are reviewed accordingly.

The SENCO is present at all yearly parent meetings (unless attending as a subject teacher).

Our approach to 'Assess, Plan, Do, Review'

Assess	
- Baseline established for comparison of support impact. Carry out observations and hold discussions with key staff, parents and carers to identify and analyse needs. - In school assessments	- SENDCo - Head of Year - Teachers
Plan	
- Hold discussions with parents and carers, the pupils, staff and any specialist services involved regarding actions and support needed to be put in place. - Set a date for review.	- SENDCo - Teachers - Pupils - Parents / carers
Do	
- Implement the plan as agreed. - Observe and record evidence of support and progress.	- Pupils - SEND Team - Teachers - Parent/carers
Review	
- Discuss effectiveness of the intervention and the impact on the student. - Plan next steps carefully with parents/carers, other specialists and the student. - Does the monitoring cycle need to begin again? - EHCP annual reviews	- SENDCo - SEND Team - Teachers - Parent/ Carers - Pupils

Our approach to teaching pupils with SEN

We aim to create a nurturing and inclusive environment where pupils can thrive academically, socially, and emotionally.

- **Individualised approach:** The academy values each student as an individual, promotes differentiation and implements personal learning plans as necessary. We believe that the education provided must consider the specific needs and abilities of each student.
- **Broad and balanced curriculum:** The academy offers a curriculum that is accessible to all and designed to provide a well-rounded education. It encompasses various subjects and enables pupils to make progress academically, socially, and emotionally according to their potential.
- **Inclusion of all pupils:** The academy ensures that no pupils with Special Educational Needs and Disabilities (SEND) are discriminated against in studying any subject area within the curriculum. We are committed to inclusivity, equal opportunities and equality of outcome for all pupils.
- **Small teaching groups:** Pupils are taught in small groups, which allows for more individualised attention and support. There is no back of the class scenario where learners can hide or get lost. Commonly classes will have one teacher and one teaching assistant present. We will always try to ensure the weaker academic groups have ample support available for pupils' learning needs.
- **High-quality inclusive teaching:** The institution maintains a consistent and supportive approach to learning, progress, and attainment. Teachers are trained to provide, trauma informed inclusive education, catering to the diverse needs of the pupils.

Further approaches include:

- Quality first teaching within the classroom, e.g. High quality adaptive learning.
- ILPs and/or Passports for every learner.
- Comprehensive induction/ admission data and reviews sent to staff with key pointers for pupils with specific special needs. This includes NGRT, PTE, PTM, PTS and PASS assessments.
- Input into morning briefings is used to inform staff of changes or key updates from the SENDCO or Assistant Principal with responsibility for CPD
- External agency training
- LSP intervention outside the classroom (according to needs)
- LSA intervention within the classroom (according to needs)
- Seeking outside agency support and advice and putting interventions in place accordingly.
- Providing one to one assistance for pupils with complex needs and with EHCPs.
- Having inclusion at the heart of our provision.

How we adapt the curriculum for pupils with SEN

All staff are committed to working together for the benefit of the young people. We provide a positive, caring approach where the achievements and successes of each pupil are celebrated whenever possible. Staff work tirelessly to ensure that pupils are happy, make progress and achieve qualifications needed for their post 16 pathways. We believe that, in order to support pupils, positive working relationships with parents/carers are essential.

All staff are introduced as a collective to learners' basic assessment data and needs for discussion and feedback.

Regular assessment and review are used to highlight performance and need.

Curriculum adaptations are supported by the Curriculum Learning Deputy.

Responsibility is shared within departments, and we draw on people's strengths. Inclusion is an area which caters for pupils who are benefitting from temporary and discreet provision away from class.

Specific interventions for example, 1:1 mentoring, reading recovery, Speech and Language, literacy interventions, Physiotherapy and small group social skill support are all utilised in support of learner need.

Staff have access to high quality CPD to support the planning and delivery of the curriculum to support students with SEND.

How we enable pupils with SEN to engage in all activities in the academy

At Ormiston Latimer our expectation is that we strive to be completely inclusive, and activities are adapted to meet the needs of all pupils. Dynamic reviews, risk assessment and planning activities will always be undertaken to ensure full participation. The enrichment curriculum is available to all and is used to extend the curriculum as well as to reinforce our core values. This is an invaluable element of the curriculum as it also encourages the development of social and emotional skills.

Risk assessments are carried out and procedures put in place to enable all pupils to participate, even when this suggests that a pupil may require an intensive level of 1:1 support.

How we provide support for pupils with emotional, mental and social needs

There are a number of avenues and resources available for pupils with SEN. Not only is there the SENCo Department, with responsibility for Interventions and mental health generally, there is a wellbeing lead who can also be approached. Similarly, there is the Student Services Manager who can support with matters both internal and external to the classroom and is available to speak to pupils and their parents / carers.

The Learning Support Professional (LSPs) team are also available and usually the child's most consistent point of contact. All staff are experienced in dealing with pupils with Social, Emotional and Mental Health difficulties and can respond to most routine concerns or enquiries.

The school has developed strong links with support services and agencies and are aware of referral procedures should these be advised. The SENCo or Student Service Manager can be used as a single point of contact for all external services including Educational Psychologist, Speech and Language Therapist, MIND, Future Men, St Giles, Early Help and access to Children and family services. Careers advice can be sought from the in house Careers lead who can signpost to specialists if required.

Support available

- Learning guides/ tutors
- SENCo
- Higher Level Teaching Assistant
- Learning Support Professionals
- Directors of Learning
- Outside agencies, e.g. CAMHS, MIND, St Clement James
- Early Help Plans
- Inclusion as a safe space
- Social Skills small group work

What equipment and facilities do we have to assist our pupils with SEN

SEND is a consideration of our whole school. Staff are continuously seeking to develop their knowledge and are trained regularly in all aspects of SEND via internal or external specialists. The aim of staff INSET is to enable all staff to view the full range of learning needs and be able to plan for them confidently. Our SENCo, Intervention Lead and Welfare and Attendance lead are all fully committed to regular development, training and furthering their understanding and practical application of SEN issues. there are a range of teaching and learning aids utilised and considered in support of academic delivery

Currently onsite we have a dedicated Resource Space FRESTON JUNCTION which caters to higher needs learners with EHCPs. Most of these learners are identified as ASD or EBSA and have found larger provisions overwhelming. The aim of this space is to create a “Home form Home” learning environment where learners can access education alongside catering, LifeSkills facilities as well as health and fitness amenities.

Laptops are available for individual use.

Intervention rooms are available for individual use.

Games and learning resources available to support games-based learning

The SENCO is available at academy events, e.g. structured conversations, parents’ consultations, Open Evening, Option Evening Regular parental meetings and phone calls with the SENCO.

We welcome support from parents. Parents/carers will be encouraged by staff to become involved in the learning process of their child, forming a positive partnership in which professional and home support are complementary. Parents/carers are welcome to speak to staff about any concerns, please call to plan this in advance so that staff can be available to speak to you.

Staff contact home on a weekly basis to pass on information. The targets and outcomes of pupil progress are shared with parents/carers via structured conversation meetings 3 times a year and these are separate from progress reviews of parents evening. The targets set at structured conversation meetings are added to the learner passports and reviews at the next meeting. Parents/carers are invited to discuss the student's progress, along with any integration plans or problems which need to be addressed, at these meetings. Parents/carers are also welcome to discuss issues informally by appointment or telephone with individual teachers or the form tutor.

Parent/ carers are invited to contact SENCO by Teams, telephone, email or meet in person.

Parent/ carers are invited to contact Learning Guides by Teams, telephone, email or meet in person

Our approach to ensuring that pupils with SEN have a voice and are involved in the decisions that are made regarding their education

Pupil voice is captured through tutor group sessions, group sessions facilitated by external agents or when their views are actively sought via their participation. Pupil Council or involvement in independent individual school reviews.

Learner surveys are conducted termly and provide points of discussion for the pupil council meetings.

Our transitional arrangements for pupils with SEN

We aim to ensure that all transitions are positive as we want transition to be successful for both the young person and their parents/carers. We involve and liaise with all other appropriate agencies at the point of transition to help the processes run smoothly and have good outcomes.

When pupils are referred to us, there is a thorough pre-admission process for information sharing and for initial introductions.

For learners return to mainstream education information regarding SEND of pupils moving is passed on to the appropriate people with parents'/carers' permission so that support may continue.

During Years 10 and 11 pupils have access to a Careers Advisor to help plan and support them in transition to college or in finding apprenticeships. Year 11 pupils are supported through the interview process where required.

Support services for the parents/carers of pupils with SEN

We sign post the use of various organisations to families some of these include:

- Unfold Mentoring
- HMST
- RBKC SALT Parent support Sessions
- RBKC SEND 12-16 Local offer [Family Information Hub | SEND Local Offer](#)

Our complaints procedure

If you are not happy with the support your child is receiving, please contact the SENCo, Alex Miller at amiller@olamail.co.uk in the first instance.

To find more details regarding our complaint's procedure, please visit the academy website.

Alternatively, please click [here](#).
